Increased Taxi Service at Thunder Bay Airport

In an ongoing effort to improve ride for hire services at the Airport, The Airport Authority is pleased to announce that both Diamond and Roach's Yellow Taxi will now collaborate at the Airport to improve cab service.

Both cab companies will have their designated spot on the curb, allowing passengers more options than ever before. Earlier this year, the Airport Authority also licensed local rideshare company URIDE, which has helped alleviate long wait times during peak hours at the Airport.

The Airport Authority looks forward to the contribution of all three service providers to offer the best transportation options to our visitors to Thunder Bay.

"We appreciate the efforts of all three companies to improve car-for-hire services at the Airport to reduce wait times for our mutual customers," said Airport President & Chief Executive Officer Ed Schmidtke.
